Batting – required fields

Num	Batting number.	If the option is no checked all batting numbers must be manually adjusted. Required-must be a whole number between 1 and the number of players batting. Numbers cannot be repeated within the innings - even players that did not bat must have a unique batting number.
HO	Method of dismissal	Required. Must be dnb (did not bat) if no entry is made in Runs field. Must be any other entry if runs are entered.
Fielder	Fielder (if any) which participated in dismissal (i.e. catch or run-out). This dropdown will only be populated if the opposition has Selected their Team.	Note: If a run out had more than one player involved, <u>enter the second player involved in the bowler column</u>
Bowler	Bowler (if any) which dismissed the batter. This dropdown will only be populated if the opposition has Selected their Team.	
Runs	Number of runs scored by the batter	Required-a whole number
FOW	Fall of wicket – required for partnerships to be calculated.	Where two or more wickets fall at the same score, the dismissal order can be specified by entering as a decimal. For example players A, B and C are all dismissed at the unlucky 87, batted at numbers 3,4 and 5 respectively, and were dismissed in the order A, C, then B. Enter a FOW of 87.1 for A, 87.3 for B, and 87.2 for C. The decimal point is not required where only one wicket falls at a given score.
BF	Balls Faced	Optional, must be a whole number
