# Batting – required fields

<b>Num</b>	Batting number.	If the option is no checked all batting numbers must be manually adjusted. Required-must be a whole number between 1 and the number of players batting. Numbers cannot be repeated within the innings - even players that did not bat must have a unique batting number.
<b>HO</b>	Method of dismissal	Required. Must be dnb (did not bat) if no entry is made in Runs field. Must be any other entry if runs are entered.
<b>Fielder</b>	Fielder (if any) which participated in dismissal (i.e. catch or run-out). This dropdown will only be populated if the opposition has Selected their Team.	<b>Note:</b> If a run out had more than one player involved, <u>enter the second player involved in the bowler column</u>
<b>Bowler</b>	Bowler (if any) which dismissed the batter. This dropdown will only be populated if the opposition has Selected their Team.	
<b>Runs</b>	Number of runs scored by the batter	Required-a whole number
<b>FOW</b>	Fall of wicket – required for partnerships to be calculated.	Where two or more wickets fall at the same score, the dismissal order can be specified by entering as a decimal. For example players A, B and C are all dismissed at the unlucky 87, batted at numbers 3,4 and 5 respectively, and were dismissed in the order A, C, then B. Enter a FOW of 87.1 for A, 87.3 for B, and 87.2 for C. The decimal point is not required where only one wicket falls at a given score.
<b>BF</b>	Balls Faced	Optional, must be a whole number
<b>Min</b>	Batting minutes	Optional, must be a whole number

<b>R</b>	Number of runs conceded by the bowler including extras	Must be a whole number
